STRAFFORD

Metropolitan Planning Organization

Room (for Executive Committee meeting and start of tour):

Lamprey Room is one floor up from both Main Street (front door) and Quad Way (street level side door closest to Campus Crossing Visitor Lot) of Holloway Commons (corner of Main and Quad...called Campus Crossing by UNH and approximately 500' from the lot).

There will be morning refreshments!

Transit Service

We will be taking campus connector buses between destinations on the tour. Any transit vehicles we use will be ADA accessible. Should there be need for transport for any guest with mobility challenges for walking portions of the tour, please let us know in advance.

Weather Cancellation

In the unlikely event there is a storm which causes UNH to 'Curtail' operations, our meeting and tour will be cancelled. We'll be keeping an eye on UNH's information and alert systems, and the weather forecast.
